EDUCATION

I am 4th year student in Computer Science department at Addis Ababa University.

EXPERIENCE

I have about two years of experience in web development and I have built some personal and company websites as a sample. I can personal and company websites from scratch. I can also debug errors in already built website as soft-ware tester.

I also consider myself to be hard worker and committed to achieve high problem solving skill to become professional developer which I believe, helps me to hopefully perform all my assigned tasks in order to play a significant role in your organization if you hire me.
